25X1 6. [ ] GLC) Talked with Bill Jordan, in the office  
25X1 of Senator Richard B. Russell, on correspondence their office had referred  
25X1 to us from [ ] an inmate in the Atlanta Penitentiary. I told Mr. Jordan we had received one equally cryptic letter [ ]  
25X1 but we had no record whatsoever on an individual by this name. Mr. Jordan suggested that we contact [ ] by letter indicating that his correspondence does not contain sufficient information for us to be responsive, sending a copy of this letter to the Senator's office for their files. I have asked the Office of Security to check with the FBI and any other appropriate agency on this.

25X1 7. [ ] JSW) Reviewed in Representative William Bates' office a file furnished to me by Olga Watkins. It basically concerned a civilian employee of [ ] aboard a carrier and concerned his security clearance. I explained that this was not the concern of the Agency and the matter should be taken up with the Navy.

25X1 8. [ ] JSW) Talked to Bob Michaels, House Appropriations Committee staff, and William Woodruff, Senate Appropriations Committee staff, explaining the current effort by Defense and the Bureau of the Budget to determine from the Agency the cost of the [ ] program having in mind that DOD will have to fund the fourth quarter. Also explained that the Agency would not be spending all of the money allocated for the first three quarters but in view of the shortfall of funds in another area in Southeast Asia, we were taking the position that none of this money was available to assist DOD but would be used to make up a part of the deficit in the other program. They agreed that this appeared to be a proper position.

Mr. Michaels also furnished me with a copy of the letter from Chairman Mahon to Mr. Staats dated 10 October 1967 dealing with our problem of disposition of financial records.

Mr. Woodruff advised that Senators Karl Mundt and Milton Young, in company with William Woodruff and William Darden, would like to visit NPIC one day next week. DDI has been alerted and specific arrangements will proceed.
